Banking online
anywhere, anytime

Republic Bank
We're the One for you!

Republic*Online* is the safe and convenient way to:

View

- Account balances
- Transaction history
- Statements

Conduct

- Transfers between personal and third party Republic Bank accounts
- Credit Card and Utility Bill payments
- VTM loading

Enjoy

- Updating your password at your own leisure
- Easy application for: Loans, Manager's Cheques, Gift Cards, Credit Cards, Credit Card limit increases, Savings and Chequing accounts

Republic ID-Secure Card

This is a strong authentication matrix card which will be required to log on to Republic*Online*.

This card adds an extra layer of security on your online account.

Other features include:

- **Automation of “Forgot Password” Option**

You can initiate this on Republic*Online* and a password reset link is automatically sent to your registered email address. You will then be able to set a new password.

- **Personalised Dashboard**

Control how you view your accounts by showing only what you want to see.

- **Scheduling Bill Payments and Fund Transfers**

Paying bills online is now even more convenient, as you can schedule the payment of monthly bills online (service providers, utilities and credit card accounts) to a future date. You also have the option to schedule the transfer of funds between your own personal (chequing, savings and money market) accounts to a date of your choice.

- **Recurring Self/Linked Account Fund Transfers**

Schedule multiple fund transfers between your personal accounts with different frequencies, such as daily/weekly/monthly/quarterly/annually.

- **Pay Credit Cards Online with Real-Time Availability**

Republic Bank gives you a channel that allows you immediate access to funds paid to your credit card. Also, when making credit card payments, you can view your last statement balance in the payment screen. **Quick Pay** provides the option to pay your credit card, perform a self/linked fund transfer or load a Visa TravelMoney Card (VTM) quickly.

- **Fund Transfers and Bill Payments using Credit Cards**

To add more convenience, you can pay bills as well as transfer funds to personal accounts using your registered credit card account.

- **Credit Card Bonus Points Information**

Your Credit Card Bonus Points balance can be viewed via the “Bonus Points Information” link, located under the credit card menu on Republic*Online*. You can select the relevant registered credit card and view the Bonus Points and Super Bonus Points information for the respective cards.

- **Transaction History**

You have the option of downloading the current transaction history of your personal and credit card accounts, as well as previous months' statements, in various file formats.

- **VTM Card Upload**

View your balances and upload funds with real time availability to your VTM card from your personal or credit card accounts via *RepublicOnline*.

- **Interactive Demos**

Easy to follow demos are available to assist you with any transaction that you wish to perform.

- **Create and Manage Templates**

Save time on repetitive transactions. They can be stored as a template and edited for faster processing thereafter.

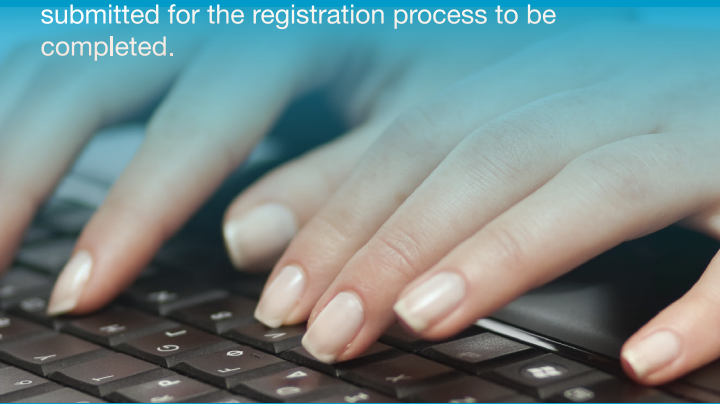

- **Account Grouping**

You can group your most frequently used accounts by currency or any other grouping as you see fit.

Registering for *RepublicOnline* is quick and easy!
